THORNTON FRACTIONAL TOWNSHIP HIGH SCHOOL

CALUMET CITY, ILLINOIS

Preface . . .

As we, the Senior Class of 1952, look back on these old familiar halls, where we've laughed together, and shared our sorrows for four rich years, we realize that this is the end of four chapters in our lives.

We'll never forget the games, the socials, the carnival, the concerts, the prom, and even the classes. We could go on for pages just mentioning the little things that mean so much.

We shall never forget T.F. We'll always remember our years there as an experience in our lives that will never again happen to us,

While We're Young

Dear Dorothy,
Lots of luck in
the future. You've
really been a swell
big sister.
I'll not forget for everything -
Janette

Dear Dorothy,
I know all these
years you have meant
a lot to me. Simply for
your smiling face &
friendly attitude.
Good luck. Love
Cheryl
Cabrera

“While We’re Young”

Fun . . . laughter . . . Frank’s car . . . football games . . . beating Bloom . . . the “hang out” after school . . . Jan, “The Man” . . . all these memories come back at the closing of four years. Our primary purpose at TF was to secure an education, but we did have our lighter moments. School would mean nothing to us without the clubs and the many friends we made. We’ll miss the rushing to class and the discussions with our friends before we went to our favorite club meetings.

JAMES H. LEONARD
Superintendent

Books frequently pay tribute to one or more individuals who have in some way made publication possible. Therefore; we, the Senior Class of 1952, would like to thank Mr. James H. Leonard and Mr. Jackson Kiester, our Superintendent and Assistant Superintendent, respectively. Their guiding light has shown before us constantly during our four years' stay here. They made us feel that we "belonged", and helped to provide a good education for us. We hope that this small tribute will, in some way, show them our appreciation.

JACKSON KIESTER
Assistant Superintendent

Our capable office staff, Mrs. Berniece Rybarski, Miss Connie Collins, and Mrs. Barbara Greenwood, perform many of the necessary duties in the functioning of the school.

Sitting, left to right: Edward Kuhlman, president; Harold Finneran, Raymond Dockweiler.
Standing, left to right: Andrew Klein, secretary; Emil Rauguth.

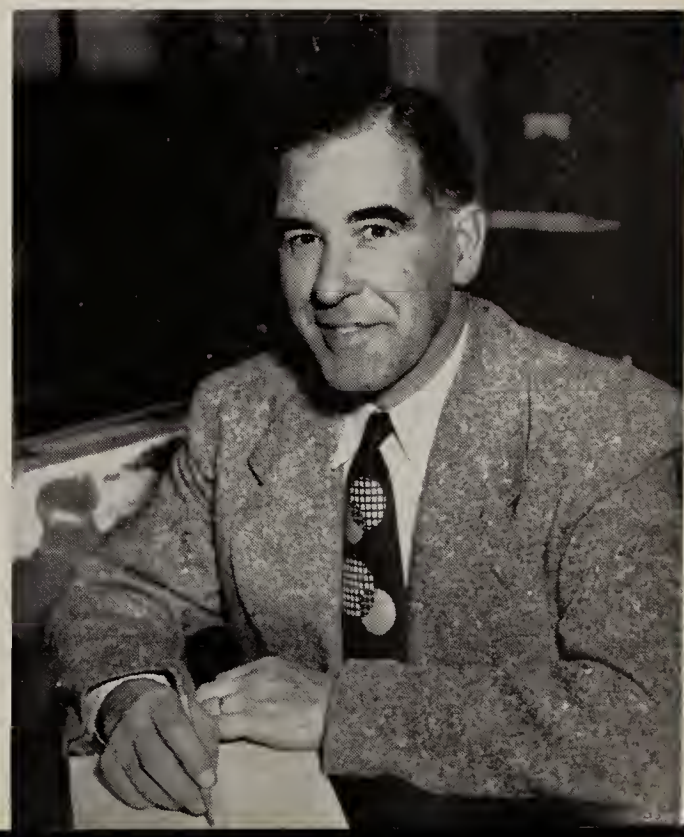

Board of Education

We cannot forget the five men who freely and willingly gave their time to settle matters, large and small, concerning our beloved T.F., and thus kept the school running smoothly for us.

MISS KATHERINE BRAZZILL
Dean of Girls and chemistry teacher

MR. AITKEN YOUNG
Dean of Boys and advanced math

The Deans

These two smiling faces solved many of our schedule difficulties and disciplinary problems. Although they reprimanded us for our detentions, they remained our good friends.

we made many new friends

The Freshmen Boys' Chorus and Freshmen Girls' Chorus were two of our favorite classes. Although we had fun with our friends, we learned the elements of note reading and harmony. Everything was new and exciting that first year, especially when we sang in our first concert.

learning service and

One of the well-known "service minded" clubs at TF is the Library Club. Their never ending work is not always given the recognition that should be awarded them. In addition to giving up their library periods to serve the student body, they also hold meetings after school and plan such social events as "The Sadie Hawkins Dance" and "The Autumn Frolics."

Room 228, the haven for the speech team in between meets, has heard contestants practicing under the direction of Mr. Earl Davis for several years. The fact that each year new laurels have been added to the school's trophy case, shows that the team is constantly improving and that interest in speech is increasing year after year.

and studying,

All of our classes held interest for us that first year. Most of us were still trying to make up our minds what kind of course we wanted to take. Some of us were still undecided about college or a career in the business world.

"We found selling was fun when —

There has to be a middleman in any business and that's just what the Thorntonian salesmen and ad-getters were. The ad-getters got the necessary money for publishing by collecting ads, and the salesmen sold the papers to you. They received no awards or money for their work, just the satisfaction of knowing that they had helped the paper.

"Maxie", our perennial magazine salesman, came to T. F. in the fall again, and gave us a pep talk about reviving salesmanship tactics. The selling of the magazines helped to make possible the publication of the book you are now reading, and the participants in the drive did a true service for their school.

promoting school events

Although the record of the freshmen gridgers and basketeers boast few victories, the boys gained valuable experience while learning the basic fundamentals from football Coaches Adolph Gentile and Wilbur Petree and basketball Coach Harold Schultz. They showed great promise even though it was their first year of playing organized sports for most of the boys. These should be fine squads by 1954-55.

T.F. without a band would be like ham without eggs. How could our football players and basketball players play a game without knowing that the band would be there to help instill school spirit? How would our winter and spring concerts sound if there were no band to add to the occasion? Band practice every day, first period, has become a tradition at T.F. which we hope will never end. At these practices members practice melodies, in order to entertain us whenever they are called upon.

A vital necessity to our band is our twirlers who practice every day to add glamour to the Friday night football games. We eagerly anticipate each week's performance.

These struggling young musicians have but one thought in mind—to make "big" band. They know that if they practice long on that instrument, they will have a better chance than their neighbors. These friendly competitions are held every spring, in order to replace the graduating seniors in the band.

whether it was football—

Preparing for their entrance into varsity football competition next year was this group of boys from Coach Atkin Young's Sophomore football squad. In the opening game of the season they handed the Whiting junior-varsity squad a 13-0 defeat. The victory ran Coach Young's undefeated skein to 12. In their next encounter at Hammond Clark, however, the streak was snapped. The Soph's overall seasons record was 2 won, 6 lost, and 1 tied.

wrestling

Coach Sowinski's grapplers again enjoyed a winning season. They were victorious on 7 occasions, while losing 3 and tying 1.

In the Sectional Wrestling Meet at Harvey, Bill Last (145 lb. class) and Norman Komarowski (112 lb. class) qualified for the State Wrestling tourney.

Bill, who has won 17 straight contested before the State Meet, and brought a fourth place to T.F.

Half of the battle in any game rests upon the shoulders of the cheerleaders and the cheering section. Without their spirited yells of encouragement, T.F.'s meteors might not have been so successful. Through wind, rain, sleet, and snow, our cheerleaders were always on hand to let the boys know that we were pulling for them.

or swimming

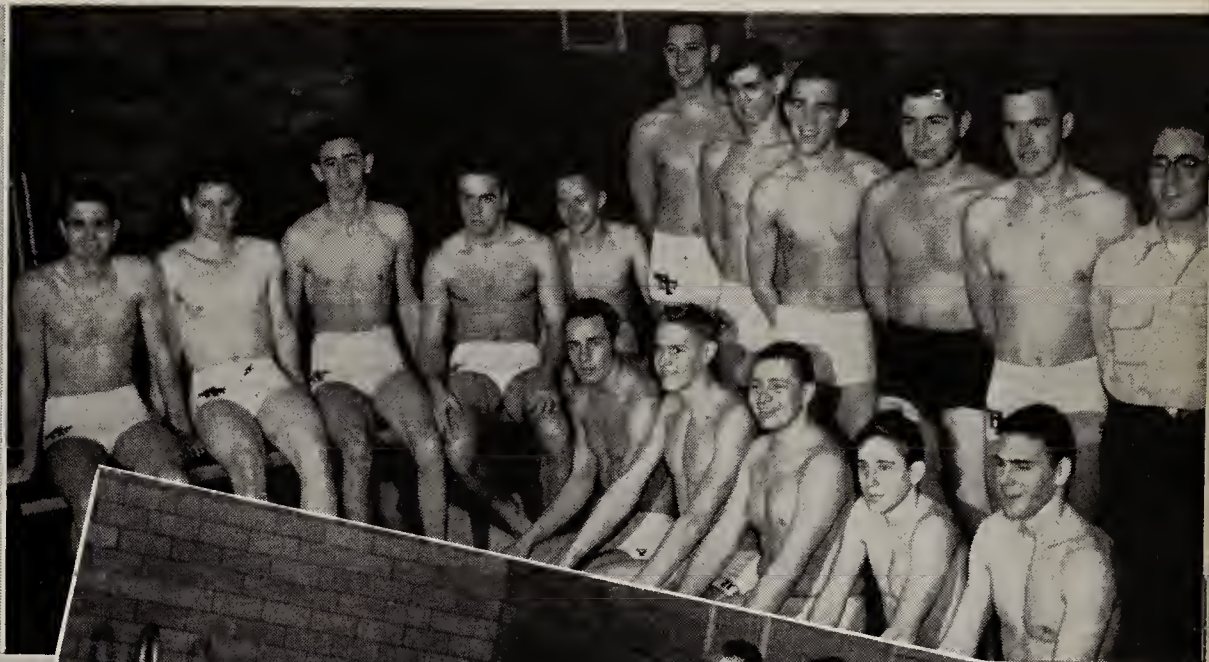

Both the Frosh-Soph and Varsity swim squads posted winning records. The Varsity won 13 while losing 10. In the Conference meet here, Coach Fedosky's charges finished second. The Frosh-Soph splashers won 5 while losing 4.

During regular season competition, Ed Mondrzyk, Frank Rose, and David Markstone broke the 180 yard medley relay record. They were clocked at 1:49.7. The former record was 1:51.3.

In the Conference meet here David Markstone established a new diving score record of 71.6, which under the new diving scoring method reads 214.7.

T.F.'s "Turtles", commonly known as the Terrapin Club, have the reputation of having as members the best girl swimmers in school. Practicing every Thursday after school keeps them busy working for their Carnival water show and their Spring water show.

and classes. ”

Geometry, English, and Biology were our favorite subjects that sophomore year. We thought nothing of dissecting worms or looking at the skeleton of a frog. Prose and Poetry started us thinking about appreciating the finer things in life, but we were a little dazed in geometry class trying to figure out what was coming next.

An essential part of TF is its clinic. Headed by Mrs. Mary Vangeloff, and assisted by the girls whom you see pictured on this page, its personnel is constantly handing out APC tablets, band aids, and other small medical items that are always in demand. Without this small efficient unit, our high school could not run so smoothly and "aches and pains" would be much more uncomfortable.

our attempts at the drama,

These are a few of the scenes from the Junior-Senior Play "Off The Track" a comedy in three acts given this year. Much of the credit for its success goes to Miss Merle Draper and Miss Beverly Markus who directed the farce. All of the play's scenes took place in a railroad station in a little town, and revolved around the tragedy of a train wreck where no one was hurt, but all were compelled to mingle with one another in the train station while awaiting another train. This is where the excitement starts. The cast included: Jay Sheffield as John Morgan, Tom Gillespie as Silas Dobbins, Georgia Paladine as Flickie Nelson, Ruth Bonkowski as Betty Phillips, Nancy Thorp as Joan Parker, Shirley Romandine as Mrs. Guarino, Joanne Pana as Antonia Guarino, Victor Fedosky as Bill Lindsay, Jerry Modjeski as Oscar Pozenby, Dick Gudde as Willie Woodson, Diane Podraza as Evalino Bumpass, Martha Knabenhans as Mrs. Vanderventer and Mary Gehrke as Miss Pidgie McDougal.

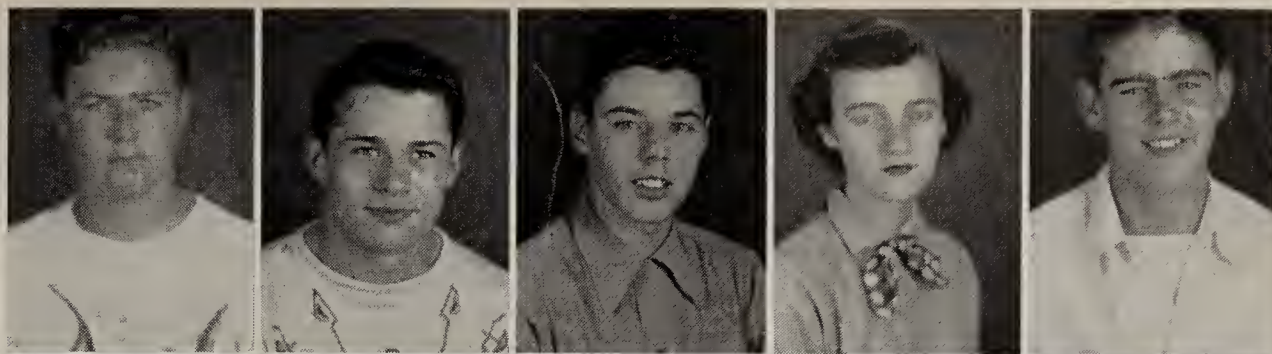

But a very essential part

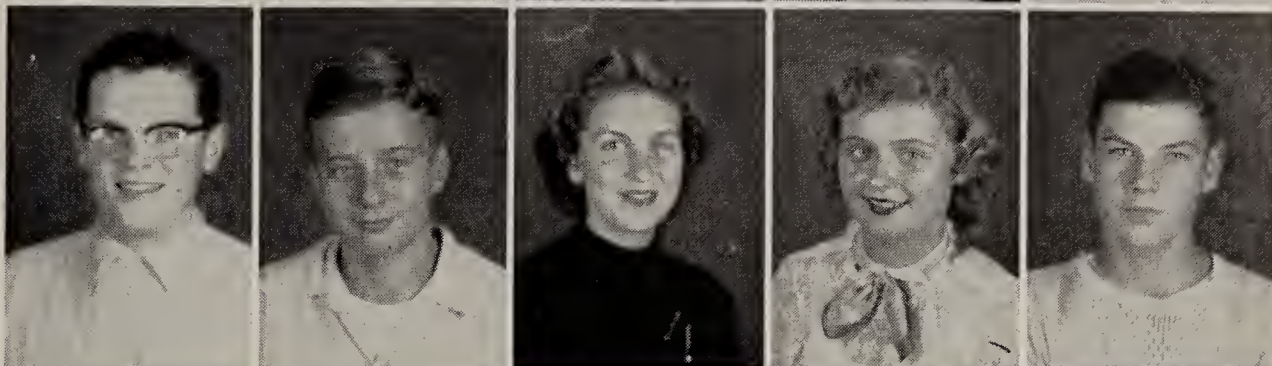

Classes, library and free periods, all held enjoyment for us. Typing and history were probably the most prominent classes in our junior year, although all of them really meant something special to us. We were now upperclassmen.

Although Girls' Club is probably the strongest club in school, it does not confine its activities solely to the school. The girls have TB and Polio drives and distribute Thanksgiving baskets to needy families. A good Girls' Clubber works not only for her pin and what she can get from the club, but also for the satisfaction of knowing that she is helping her club, her school, and her community.

Boys' Club is the only club in school to which every boy at TF may belong. They work to promote better feeling between the boys and the faculty. Their annual Boys' Club Dance is one of the most outstanding dances of the year. They are known for their original ideas. The theme of this year's dance was, "Evening in Paris." Mr. Harvey Lambka, their sponsor, encourages the boys in their efforts and rewards them at the Father and Son Party with pins.

and we played a part

Caught in the act, Tom Petree is led to the Deans' office by one of the smaller hall monitors. A typical duty of a hall monitor is shown in the second picture. Posted in front of the library, and in all the halls, five monitors work each period, giving up their library periods to assist the deans.

Miss Katherine Brazzill, Dean of Girls', could not carry out her work quite so efficiently without the aid of these seven girls. Checking passes, writing out excuse slips and distributing detentions are all in the day's work for these girls. They, too, give up their library periods to help the deans.

in school administration

Another group who gives up their library periods to help the school to function properly are these girls. The office assistants answer the phone, and do any little jobs that may be asked of them. The stage show, the concessions, all helped to make "The Big Night" successful. When the curtain finally went down, we all congratulated ourselves on the good job we had done.

Queen Arlene Loneski and King Jan Schultz reigned over our 1952 Carnival. After being nominated with the other candidates, Tom Petree, Bob Webb, Roy Fredbloom, Darcy Kuschel, Donna Lewis, and Phyllis Evanson by the senior class, they were elected by the student body.

very own Carnival

A hula dance, a can-can dance and a hillbilly song were only a few of the acts staged in this year's carnival. Entitled "The Big Night," the script was written and directed by the students themselves, the Presidential Advisory Board doing a major part of the work.

team that beat Bloom

The outstanding accomplishment of 1952's football squad was the Meteor's 6-0 conquest of Chicago Height's Bloom on November 2. On that memorable frigid night, the boys turned in an exceptionally great defensive game, preventing the Trojans from thrusting the ball further than the T.F. 33 yard line. This was the first victory for a T.F. grid team over a Bloom squad in 10 years.

The Meteor's 3 won, 6 loss season's record was not impressive but they always possessed a great potential.

The basketball squad didn't win many games this past season. On most occasions, however, they were beaten by small margins. The South Suburban Conference this season was an exceptionally tough league, which also explains somewhat for their rather poor record. Nevertheless, they provided the fans with all of the thrills which go along with the hoop sport.

The TF cindermen qualified six boys for the State Meet at Champaign on Saturday, May 17, in the District Meet the week before. They were Tony Reynolds, 880; Dave Jackson, pole vault; and the mile relay team composed of Jackson, Wilbur Brown, Ed Elliot and Andy Selin. Coach Young did a fine job with the boys this season. This was evidenced by their high finishes in both the Wheaton and District Meets.

Much of the load of work on the Thorntonian rested on the shoulders of our co-editors. When reporters failed to hand in stories, it was their job to have something ready to fill up the paper. Although they worked hard, without the staff they could not have covered the news of T. F. as well as they did.

With Graduation In Sight

On the two previous pages are TF's 1952 National Honor Society Members.

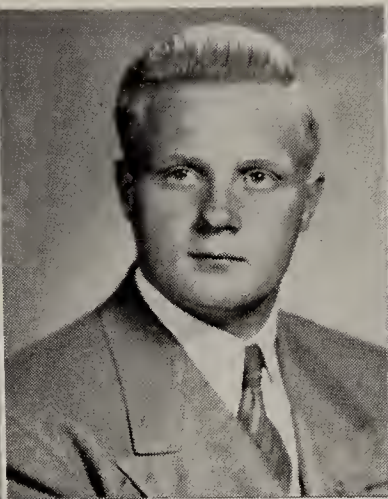

The four familiar faces pictured above are our senior class officers. Together with the sponsor they planned our first "College Night," and organized the crews for the various senior committees.

Mr. Schmidt could be found in 108 fourth and last period showing students which college they should attend and what the future holds for each of them.

Our Publishers

No book can be successfully printed without a publishing company. Our book had its own company of two, Miss A. C. Jaacks, financial advisor, and Miss Mildred Pidgeon, publications' sponsor, who did their very best to bring this book to you.

"The Authors"

Top Picture: Joan Pittelkow, Marilyn Donaldson, Annette Maniscalco, Jean Willett, and Norman Lindsey

Middle Picture: Carol Greb, Delores Struzik, and Loise Freeman

Bottom Picture: Editor Arlene Loneski

Only if you've worked on this book can you realize the tremendous amount of work contained in it. Only the people pictured on this page can know the joy, the sorrow, and the struggle we shared with one another because the Chronoscope had to get to the "printers." Our very capable editors, Jean Willett and Arlene Loneski gave us encouragement and the "push" that we needed. In closing, we'd like to say that we sincerely hope that you like our handiwork.

Thanks For The Memories

Yes, we've traveled far and wide together,
 Did we travel too fast?
 Now we reminisce and wonder whether
 Any good things ever last,
 For now those things are past,
 Thanks for the memories
 Of laughter in the halls,
 Of fancy dress up balls,
 The Boys' Club Dance,
 The Girls' Club Dance,
 The fun in study hall,
 Yes, we thank you so much,

Thanks for the memories,
 Of sunny truant days,
 Of faults that they forgave,
 Detention room in 208
 And souvenirs we've saved
 Yes, we thank you so much
 And thanks for the memories
 Of fun in English class,
 Of staying off the grass,
 Our typing speed,
 Our history lead,
 And fear we wouldn't pass,
 We thank you so much.

Thanks for the memories
 Of O'Johnny's cherry cokes,
 Mr. Lambka's corny jokes
 Bus's height and Kelly's might,
 The notes home to our folks,
 We thank you so much.
 Thanks for the memories
 Of weekly compositions,
 Prize winning musicians,
 Broken "coms",
 And Junior Proms,
 And all the old traditions,
 We thank you so much.

Teacher's Ideal Student

I think that I shall never see
A student busy as a bee
Who stays up studying half the
night

Who's not so dumb, but very bright,
Who never gallops down the halls,
Or sings, or shouts, or shoots spit
balls,

Who, while in the cafeteria
Never drives teachers near hysteria,
If such a student I could see,
My day so full of joy would be.

You can always tell a freshman
By his gay and carefree looks;
You can always tell a junior
By the way he carries books;
You can always tell a sophomore
By his tittering and such;
You can always tell a senior
But you can never tell him much.

It Would Be A Perfect School If

Everyone was on the honor roll
We'd all look good in our
Chronoscope pictures
We wouldn't have any more errors
in typing
All the boys were football heroes
All the girls were beautiful
They served free food in the
cafeteria
There were no detentions
Mr. Sobek would give the girls a
chance
The seats were softer
They served refreshments during
library periods
The water in the pool weren't wet
enough to take the curl out of
our hair
It were warm in the big gym
Everyone subscribed to the
Thorntonian
The boys were not allowed to wear
jeans to school
We'd have more assemblies
We could win every athletic
championship
All the girls had boyfriends
All the boys had girlfriends
Girls' and Boys' gym classes were
held at the same time
We could leave classes at any time
we wanted
School were in session from
October to April
There were no chaperones at the
socials
No homework were permitted

This is school life—the lighter side . . . just one big headache—the movies . . . something for nothing—socials . . . blankets and cheers—football games . . . candy and bent backs—basketball games . . . thrills and smoldering heat—swim meets . . . human pretzels and humid air—wrestling match . . . antagonism and hustle—journalism class . . . guys, gals, and bows—bow day . . . caged snakes, songs and fish—biology class . . . top hats and heart-break—prom . . . sweet singers of sweet songs—Girls' Chorus . . . noise, food and gossip—cafeteria . . . silence is golden, all are paupers—library . . . shorts and high jumps—track men . . . service with a smile—Commercial Club . . . he-man and lost medals—Monogram Club . . . high hopes and courage—the band . . . training rules and self-esteem—G.A.C. . . . friendly shots and lucky victims—photography club . . . daily tests and flunking grades—Latin classes . . . yes, this is school life—the lighter side . . . WHILE WE'RE YOUNG.

“Old Glory”

As we close our high school life and take our last look at this great building, we see atop of it our flag waving proudly, and we can almost hear it saying to us, “As you go out into the world, don’t forget to be as proud of me as I am of you.”

Dear Mother -

Lots of love to a real
nice girl. I'm so glad
we get to know each other
so well this year. I'll miss
having your shoulder to
cry on. Don't forget to write.

Mary Smith

Dear Mother -

So of luck during the
summer and planning
job. Bid you
kind and get on
still looking
all looking aside

I've been well as
having to go
past 4 years.
Butter yet that
application in
for more
remember.
Don't

Best of Wishes
to a fellow art
laborer.

Virginia
Wasik

Best of luck
to you in your
future years coming?

Rich Smith

Best of luck
to a wonderful artist
Rochester, N.Y.

Lots of luck to a
sweet kid
"My very friend"

and on the future
of the world
I wish you
all the best
and luck

Best wishes and may
you make a great
of your life
and your future

Don't forget,
to a sweet friend
and singer. Always,
Dorothy

I wish you
all the best
and luck

Don't forget,
to a sweet friend
and singer. Always,
Dorothy

Don't forget,
to a sweet friend
and singer. Always,
Dorothy
